There are plenty of cross-curricular experiences here in our 300-acre, 18th-century city to help your students explore a range of other subjects.

MATH – Discover how the joiner uses math along with a bevel and square to build interiors with wood. See how shopkeepers use ledgers to track business transactions.

ARTS & MUSIC – Join a dance lesson or enjoy a musical performance at the Governor's Palace—dance and music were key to 18th-century social networking! At The Art Museums of Colonial Williamsburg, explore the stories behind famous portraits—every portrait included items and settings that represented the subject's life.

Learn about different types of popular dances, discover the role of dance in 18th-century society, and perhaps participate in the fun.

TO HANG A PIRATE

The year is 1719. Sit in on the trial of a member of the crew of Blackbeard the Pirate. Israel Hands, just one of the 15-member crew that was captured, will be tried for piracy at the Capitol by Virginia Governor Alexander Spotswood. You'll hear the evidence against him and then make a judgment.
